Subject: Letter of Appreciation for your efforts towards this kind and benevolent act

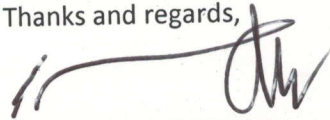

Dear

Greeting from Department of pediatric cardiac sciences, Fortis Escorts Heart Institute & Research Centre

We are writing to express our deepest thanks to **Diya India Foundation and its supporters** for helping to arrange the necessary funds for the patient Baby of Suman (Anirudh) who was suffering from Complex congenital heart disease, Interrupted aortic arch type A beyond the origin of left subclavian artery (congenital heart disease) and requiring treatment. He had undergone Aortic Arch repair on 20th August, 2021 and Redo-sternotomy → Dacron patch closure of PMVSD + Dacron patch closure of FO ASD + Tricuspid valve repair (Valve was repair by closing the gaps between leaflets in three areas) + PA debanding + Decompressing PFO + Assessment of MV annulus done on 23/02/2022 and was discharged on 5/03/2022 in stable condition. It was a significant contribution to bridge the gap between the fortunate and the less fortunate to have such high end medical treatment.

We cherish your support and hope to continue the long term association with your organization.

Thanks and regards,

Dr. S. RADHAKRISHNAN
