imagine a life
without their kids.
I won't be able to live
if something happens
to Pramjeet.**

Master Pramjeet (6.5 Years) Please Support

Over the past 2 months, there hasn't been a day when my 6.5-year-old Pramjeet hasn't struggled to breathe. Despite his endless suffering, the little one has been bravely fighting the battle for life. However now, his heart is slowly running out of time.

Two months back, his health started deteriorating. He'd constantly be sick and became very irritable. One day, he got a severe fever. His body was burning and turning blue. We rushed him to the hospital, Meet Dr. Girish.

After seeing my son's condition, The Doctor Girish immediately called the nurse and told her to take him into the eco room. After doing the tests doctors told us that he immediately needs a hearts surgery. He also told us as our hospital doesn't have the required facilities we should take him to Fortis Healthcare Limited Hospital and He told us to meet Dr. Deepak. We came to Gurugram and met Dr. Deepak. After seeing the reports, He also said that our son needs surgery. Which will cost Rs 2,05,000/- Approx.

It's impossible for us to arrange Rs 2,05,000/- for our son's Heart surgery.

My husband is working as Farmer and earning only 7000/- to 8000/- per month. We don't know where to get the money from. I need to save my child.

**We request Diya India and its kind supporters to help us.
With your help, my baby's pain, suffering everything will go away.**
