Dear Ma'am/Sir,

This letter is regarding **Master Jashan (MRD 171835)**, a nine-year-six-month-old male child who is a known case of complex congenital heart defect. He is required to undergo a **Diagnostic Catheter Study and Fontan Completion Procedure**. The estimated cost of the procedure is **Rs.3,30,000/-**.

Considering that the family is from a poor background and lacks the financial resources to fund the surgery completely, we request **Diya India Foundation and its supporters extend their support for financial assistance to save his life.**

With regards,
